

OCEAN RANGER WORKSHEET: KELP FOREST HABITAT

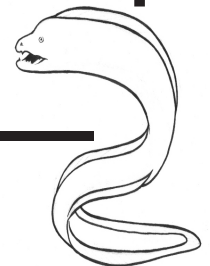

ANIMAL OBSERVATIONS

Draw the animal you are observing.

NOTES...

What special adaptations does your animal have?

ETHOGRAM:

For each minute record the behavior of your observed animal (example: swimming, eating, resting, interacting with other animals). Do you see any patterns? Scientists use ethograms to investigate animal behavior.

MINUTE 5:

OCEAN RANGER WORKSHEET: KELP FOREST HABITAT

 Draw your own fish using the fish parts above as a guide.
What adaptation does your fish have to help it find food or avoid predators?
