

# Daisy Between Earth and Sky: Clover Award

**There are treasures all around us! Natural resources are things in nature like water, air, minerals, and energy. They are all very valuable and nature provides them for free, all we need to do is learn how to use them wisely.**

**Step**

## **1 MAKE A LIST**

**Do you like milk on your cereal? Both come from nature! Think of 5 things you used today that came from nature.**

**1.** \_\_\_\_\_

**2.** \_\_\_\_\_

**3.** \_\_\_\_\_

**4.** \_\_\_\_\_

**5.** \_\_\_\_\_

**Step**

## **2 FIND A TREASURE**

**Walk around the Aquarium. Draw a picture of your favorite animal in the box below. Give 3 reasons you think that this animal is amazing! Does your animal need resources?**

**Step**

# **3 GATHER IDEAS**

**Have you ever seen someone wasting a valuable resource or littering? What can we do to keep this from happening? Visit the Seal and Sea lion show to find out how we can help.**

**Step**

# **4 MAKE A PROMISE**

**Reduce, Reuse, or Recycle? Think of one thing you can do to help use resources more wisely, then make a pledge to do it!**

*I promise to* \_\_\_\_\_

**Step**

# **5 TEACH OTHERS**

**Help spread the word about protecting natural treasures. Tell at least two people about your favorite animal at the aquarium and how to help protect resources that both people and animals need!**
