

SATURDAY, NOVEMBER 14, 2009

9:00 a.m. to 5:00 p.m.

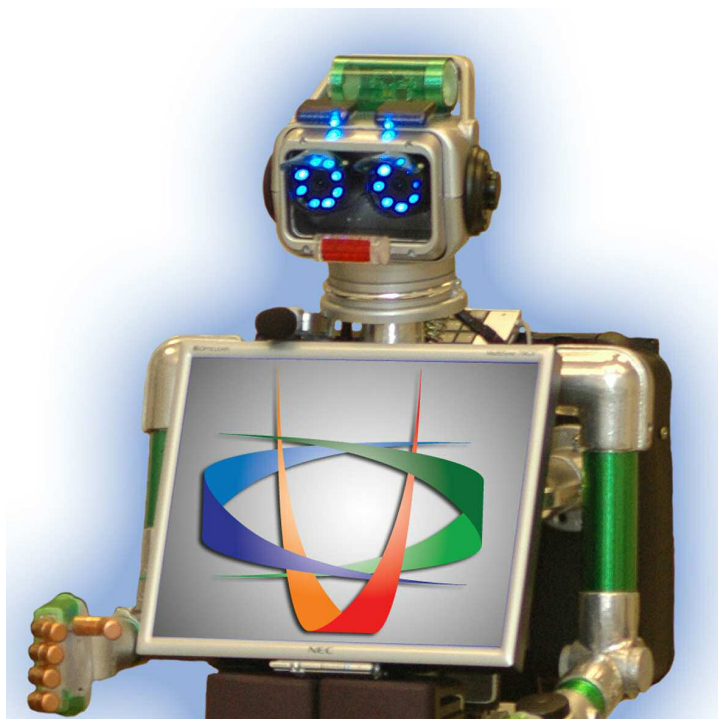

NOAA

and Our Planet Day

Join us for NOAA and Our Planet Day at the Aquarium of the Pacific.

Find out what the National Oceanic and Atmospheric Administration (NOAA) does for you, our nation, and our world at this annual event. Visit the aquarium to learn how NOAA, a government agency, works to understand and predict changes in Earth's environment and conserve and manage coastal and marine resources. Explore and interact with the science zone, talk with TERRI the Robot while learning about NOAA, watch a Remotely Operated Vehicle (ROV) in action, view award winning NOAA films, enjoy a puppet show on ocean conservation, check out the Wyland Foundation Mobile Learning Center, help paint a mural and make a pledge to protect the ocean, learn how NOAA protects ocean life, and get the facts on climate change. An ocean of discovery awaits...

Meet TERRI the Robot at NOAA and Our Planet Day

 AQUARIUM OF THE PACIFIC
