

# Egg Carton Sea Turtles

*Baby sea turtles have been spotted,  
right in your home!*

Let's make some baby sea turtles you can add to your arts and crafts collection!

## What you'll need:

- Egg carton, or other paper you can mold into a bowl shape
- Scissors
- Glue or tape
- Paper for legs and the head
- Optional: Googly eyes, glitter
- Paint or markers (green, brown, yellow, or any color you want)

## How to make your sea turtle:

1. Cut an individual cup from an egg carton. Paint or color it, this will be the turtle shell.
  - a. If you have an empty egg carton you can cut out all the cups and make a lot more sea turtles!
2. Draw and color the turtle's head, tail, and flippers on the separate piece of paper.
3. Cut them out and glue the turtle body parts to the shell.
4. Decorate with glitter and googly eyes if you want!
