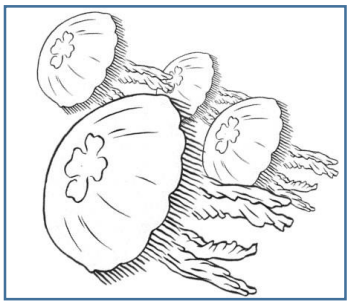
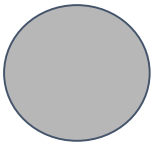
What shapes and colors do you see?

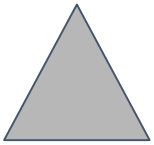


There are so many shapes and colors in the ocean and around us all the time! Let's see what we can spot.

1. What shapes do you see around you? Let's count them!



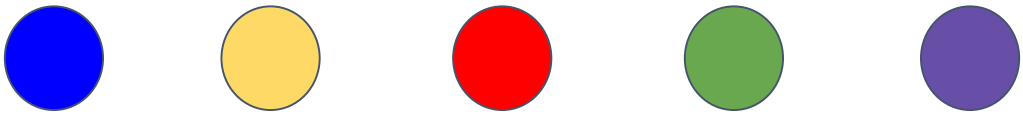
I see _____ circles.



I see _____ triangles.

I see _____ squares.

2. What colors can you find? Let's count how many things you can find in each color!



Blue: ___ Yellow:___ Red:___ Green:___ Purple:___
