

On the move!

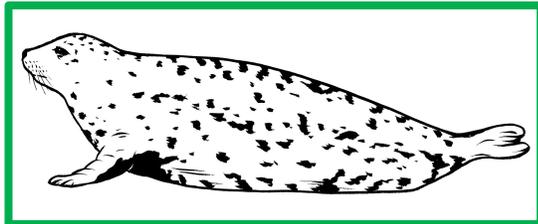

Did you know that seals and sea lions move and sound different?

Sea lions can walk on all fours and love to talk! They are often seen, and heard, barking “ark, ark, ark!”

Challenge: Can you walk on all 4’s while barking like a **sea lion**?

Harbor seals slide like an inchworm and are very quiet. Sometimes they make a sneezing noise or grunt- but that’s about it!

Challenge: Can you inch around while making noises like a **harbor seal**?

Explore on your own with these links below to watch seals and sea lions on the move!
