

Exploring Voices in the Sea

Let's explore further how animals communicate!

In our class today we used the web app Whales: Voices in the Sea, you can go to their website and continue exploring <http://voicesinthesea.ucsd.edu/>

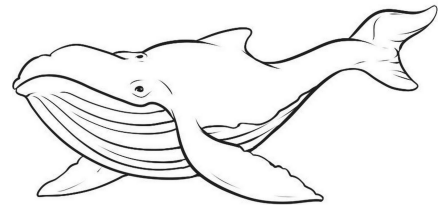

How do people interact with each other?

-Can you communicate without talking?

Try it out with a friend or family member.

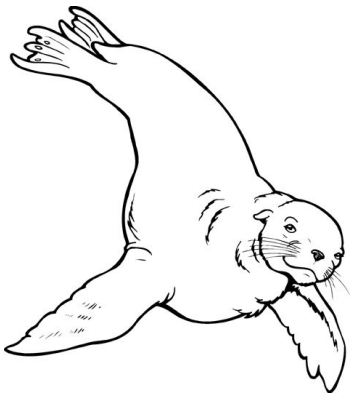

-Can you find your way without using your eyes?

With your eyes closed, practice your echolocation skills while you move around your room. Be careful while you try it out!

Exploring Further:

Use the voices in the sea app to explore sounds and conservation of various marine mammals

-What fun facts did you find?

-Which species is your favorite?

-Try to copy your favorite animal sounds.

Share your adventures and activities online with #aopkidsclub
